The Only Paper in the City That Receives Fresh News

FORT WAYNE, IND., Oct. 8.

This is to certify that THE FORT WAYNE SENTINEL and the Fort Wayne Gazette are the only newspapers in the city of Fort Wayne that are members of the Western Associated Press and receive Telegraph News.

O. L. PENNY, Manager of the Western Union Telegraph Office.

Notice to Delinquents.

On Saturday THE SENTINEL collectors will call on all subscribers on their monthly collection rounds. All subscribers who are in arrears three months or more, failing to pay on that day, will be discontinued.

LOCAL NEWS.

Centlivre's big alligator is dead. This climate was too frigid.

THE SENTINEL collectors will call on all subscribers tomorrow. We trust those in arrears will respond promptly.

The combination, proportion and process in preparing Hood's Sarsaparilla, are peculiar to this medicine, and are unknown to others.

The Allion News Era of last week says that Hon. Robert Lowry telegraphed W. S. Kiser from Washington, that he can have a "headship" in the treasury department of the government, with a salary of \$2,000 per annum.

The State Pharmaceutical association decided to hold its next annual convention at Lafayette, in June, 1885. Leo Eliel, of South Bend, was elected a delegate to the International association, which meets in Brussels, Belgium, next August. President Dotzer has returned to this city.

Sam Hall, of Kendallville, one of the postal route agents whose services have been dispensed with on the Grand Rapids road, has been missing from his home at Kendallville for some time. His wife went to church leaving him at home and when she returned she was gone as well as all of his good clothes and valuables.

The general synod of the Lutheran church will commence at Harrisburg, Pa., May 27, and continue in session about ten days. This synod is composed of 188 members—an equal number of ministers and laymen—selected from twenty-three district synods. This synod meets every two years. It represents the most liberal branch of the Lutheran church in America, 900 ministers and 132,000 communicants. Rev. L. Alice has been chosen one of the delegates from the synod of Northern Indiana, and expects to start on the 25th of this month.

The Ligonier Banner sets Judge Lowry right in this item: "The News Era and the Standard last week published an item from the Fort Wayne Gazette from which one would infer that great dissatisfaction exists over the appointment of the postmaster at Wawaka. We have conversed with a number of democrats from that vicinity and all seem to be well satisfied with the appointment of Mr. Mackall. The widow scheme did not work quite as well as several interested republicans wanted and they are correspondingly warm under the collar and are doing all of the kicking."

Eastern freight rates were in a really demoralized condition yesterday, and the various lines were competing fiercely for a share, regardless of a 15 cent or any other rate. The ball opened by the Great Western Dispatch line contracting for the hauling of 100,000 bushels of oats from Chicago to New York at 11 cent rate. Then it was reported that the Fort Wayne and Nickel Plate had taken some round lots of provisions at 16 cents to New York, and that the Michigan Central and the Red Line were in the market for grain to the seaboard at 14 cents, and the Wabash and its lines were cutting to meet the rate. In fact it was a general scramble and the only point was to make the best terms possible. The agents were probably obnoxious of the fact that the managers were in session at the Grand Pacific hotel trying to formulate a scheme to secure some revenue for the various roads they represent.

The White Fawn Baking Powder is sold in all well-regulated grocery stores in Fort Wayne, and those who try to induce people to use baking powder sold at 25c as good as the White Fawn, know full well that the baking powder offered for sale at 25c cannot be a pure Cream Tartar baking powder, from the fact that Cream Tartar Crystals are worth in New York 35c, and it being the principal component of a pure baking powder, certainly it could not be sold for 25c. Therefore, beware of spurious baking powder with which the country is flooded, and ask your grocer for the White Fawn and don't allow them to put you off with some cheap baking powder, which has not the necessary qualifications of a good baking powder, but is nothing more than a composition of everything that will produce poor cake, biscuits, hot breads and a cross house-keeper. Always use the White Fawn and be happy. Manufactured only by J. B. MCKINNON & CO., Fort Wayne, Ind.

The Difference. "Pah," asked young Johnnie Jarphly, "what is a defaulter?" "He is a man who loses money that does not belong to him, my son," replied Mr. Jarphly. "And what is a financier?" "One who hangs to it,"—Fr.

Etiquette at Home.

The politeness books say that people ought to be even more polite in their own homes than in those of other people. One reason so many people are cross and at home is that the food they eat is badly cooked and therefore indigestible. So with each meal they lay in a stock of dyspepsia, which makes them so savage that they have no chance to be polite. Try Brown's Iron Bitters and be happy. Mr. Joseph Lumpkin, Selma, Ala., says, "I have been entirely cured of dyspepsia by using Brown's Iron Bitters."

There are nearly 32,000 Irish soldiers in the English army.

Rheumatism, Gout and Neuralgia

It is scientifically settled that rheumatism, gout and neuralgia cannot be cured by rubbing with oils, ointments, liniments, lotions, etc.; for the reason that these diseases are caused by uric acid in the blood. The only preparation which uniformly expels this acid is Parker's Tonic. Subdues pain at once. Try it.

Rheumatism Quickly Cured. There has never been a medicine for rheumatism introduced in Fort Wayne that has given such universal satisfaction as Durand's Rheumatic Remedy. It stands out alone as the one great remedy that actually cures this dread disease. It is taken internally and never has and never can fail to cure the worst case in the shortest time. It has the endorsement and recommendation of many leading physicians in this state and elsewhere. It is sold by every druggist at \$1. Write for free 10 page pamphlet to R. K. Fort Wayne Paint and Color Works,

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinders of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 34 per cent. O. L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1886, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades, all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

Father Curran, formerly editor of the
Catholic Times, a Newark, N. J., paper,

out in a timely paper on Catholic edu-

the necessity for a board of examiners
similar to that in existence in the diocese
of Fort Wayne to be established in every

Dr. J. S. Gregg Closes the Session.
The state medical society concluded
its annual meeting yesterday, business
being rushed through to permit an early
adjournment. Papers on "Tumors of the
Breast" by Dr. S. C. Weddington,
of Jonesboro, and "A Case of Locomo-
tor Ataxia," by Dr. J. S. Gregg, of Fort
Wayne, were read. Resolutions were
passed providing that in the future the
annual sessions should be two instead of
three days in duration; that papers must
be in the hands of the committee on
arrangements twenty-five days before
the meeting, and that all papers of more
than 3,000 words should be returned to
their authors to be cut down to their re-
quired length, and in case of refusal,
they should not be published. A dis-
patch was received from the Allen county
society, offering congratulations on the
election of Dr. Gregg as president, and
that official announced the following
standing committees:
On ethics: Drs. F. W. Newcomer, In-
dianapolis; J. F. Lyons, Huntington; F.
W. Beard, Vincennes; H. D. Wood, An-
gola; William Flynn, Marion.

olis; W. H. Shulke, Lebanon; G. W. H.

Richmond.
The new president, Dr. Gregg, made
a brief address to the society, and it ad-
journd to meet the second Tuesday in
May, 1906.
The Police Commissioner Con-
troversy.
Since the last council meeting rumors
have gained circulation affecting the cor-
rectness of the vote for police commis-
sioners. The developments at the last
few days question the count, and while
they do not convict any one, they create
a controversy and leave a doubt in the
matter that can be best cleared away by
the resignation of the present police
board, thereby giving the council a
chance to fill the vacancies at the next
meeting. There is nothing in the posi-
tions, and no one gets a penny from
them, so that the controversy over the
empty honor is at best uneconomical.
A Well Known Doctor's Experience.
Dr. C. Fawcett, resident physician of
the Union Protestant infirmary, Balti-
more, Md., publishes a card certifying
that having recently had three cases of
consumption under treatment where
obstinate cough was the most prominent
symptom, he concluded to give Red Star
Cough cure a trial, and in every case
where it was used the effect was most
marked and beneficial, as it seemed to
have the power of controlling cough, and
thereby promoting sleep, especially at
night, when cough is always the most
troublesome.

GOES UP HIGHER.
J. B. Barnes Succeeds General
Master Mechanic Johann,
of the Wabash.
The labor troubles on the Wabash
have culminated in the resignation of
General Master Mechanic Jacob Johann.
As the best solution of the difficulty
General Manager Talmage accepted the
offer and last evening summoned Master
Mechanic J. B. Barnes, of this city, to
St. Louis. THE SENTINEL learns that
Mr. Barnes will succeed Mr. Johann, so
it is stated. He will be succeeded on this
division by either Frank Tyrrell or C. F.
Lape, now under Mr. Barnes. The
change is fortunate for Fort Wayne as
Mr. Barnes will do this city justice and
set squarely with the mechanics, one of
whom he was a few years ago. Mr.
Barnes is one of the best railroad men
in the country and merits the promotion.
SET IT BACK.

the Little River Ditch
Case.
Late this afternoon Judge Frazer fin-
ished his investigation of the proposed
Little River ditch and declined to es-
tablish or reject. He referred it back to

leaves it as if the petition for the drain
had just been filed. The ditch was to
drain a vast territory southwest of the
city and cost thousands of dollars.
